CERTIFICATE

This is to certify that the thesis entitled "Studies of Fibres Based on Nylon 6/PET Polymer Blends" submitted by Mr. Vijay Kumar Dhar to the Indian Institute of Technology Delhi for the award of the degree of Doctor of Philosophy is a record of the bonafide research work carried out by him. Mr. Vijay Kumar Dhar has worked under my guidance and supervision and has fulfilled the requirements for the submission of this thesis, which to my knowledge has reached the requisite standard.

The thesis or any part thereof, has not been submitted to any other University or Institute for the award of any Degree or Diploma.

DEDICATED TO MY
BELOVED PARENTS

ACKNOWLEDGEMENTS

I am greatly indebted to Professor D.S. Varma of the Textile Technology Department, Indian Institute of Technology Delhi for his inspiring guidance and constant encouragement throughout the course of this work.

I am specially thankful to Dr. A.K. Gupta of the Centre for Materials Science and Technology, I.I.T. Delhi for his interest and valuable suggestions at various stages of this work.

I express my thanks to Professor C.D. Shah, Head of the Textile Technology Department for providing me the necessary facilities. My thanks are also due to Professors V.B. Gupta and (Miss) P. Bajaj for their help and encouragement. I also thank Professor (Mrs.) Indira K. Varma of the Centre for Materials Science & Technology for useful suggestions.

My thanks are due to all my friends and colleagues in the Textile Technology Department for their help and cooperation.

I would like to express my appreciation for my wife Manmohini for the patience and understanding she has shown all these years.
