ACKNOWLEDGEMENTS

First of all, I would like to express my deep sense of gratitude to my supervisor Prof.A.K.Mahalanabis of the Department of Electrical Engineering, Indian Institute of Technology, Delhi for his continuous and valuable guidance during the course of this investigation. But for his keen interest, the present investigation would not have been completed.

I am grateful to my wife Zenia who stood by me for the entire period of four years in spite of her indifferent health.

I am thankful to the Government of Bihar for having allowed leave and to the Government of India for the financial assistance.

My thanks are also due to Mr. J.N.Saini, for elegant typing of this work.

Aug. 1975

-M.K.P.Mishra

C O N T E N T S

CHAPTER 1: PROBLEM STATEMENTS AND OUTLINE OF THE THESIS

1.1	Introduction	...	1
1.2	Statements of Problems	...	3
1.3	Outline of the Thesis	...	8

CHAPTER 2: STABILITY OF DISCRETE NONLINEAR FEEDBACK SYSTEMS WITH STATE- DEPENDENT NOISE

2.1	Introduction	...	11
2.2	Statement of the Problem	...	14
2.3	Stability condition with sector information.	...	16
2.4	Stability condition with sector and slope restriction.	...	23
2.5	Stability of difference system	...	29
2.6	Example	...	36

CHAPTER 3: STABILITY OF NONLINEAR FEEDBACK SYSTEMS WITH CONTROL-DEPENDENT NOISE

3.1	Introduction	...	38
3.2	Problem formulation	...	39
3.3	Stability under sector condition	...	40
3.4	Stability condition with sector and slope restrictions	...	47
3.5	Stability of difference systems	...	54
3.6	Example	...	59

<u>CHAPTER 4:</u>	<u>STABILITY OF LINEAR TIME-VARYING DISCRETE STOCHASTIC SYSTEMS</u>	
4.1	Introduction	... 60
4.2	Problem Statement	... 62
4.3	A Lemma	... 65
4.4	Stability Condition	... 71
4.5	An alternative form of stability condition.	... 74
<u>CHAPTER 5:</u>	<u>STABILITY OF LINEAR TIME-VARYING CONTINUOUS STOCHASTIC FEEDBACK SYSTEMS</u>	
5.1	Introduction	... 78
5.2	Problem statement	... 79
5.3	A Lemma	... 81
5.4	Stability condition.	... 84
5.5	An alternative stability condition.	... 88
5.6	Example.	... 92
<u>CHAPTER 6:</u>	<u>SUMMARY OF MAIN RESULTS AND SUGGESTIONS FOR FURTHER WORK</u>	
6.1	Brief Summary	... 96
6.2	Some Suggestions	... 98
	APPENDIX I	... 100
	APPENDIX II	... 102
	REFERENCES	... 106
