

STUDY OF SOME ASPECTS OF WATER RESOURCES AND AGRICULTURAL POLICY OF INDIA

by
RANVIR SINGH

A Thesis Submitted to the
Indian Institute of Technology, Delhi
for the award of the degree of
DOCTOR OF PHILOSOPHY

**DEPARTMENT OF APPLIED MECHANICS
INDIAN INSTITUTE OF TECHNOLOGY, DELHI**

1980

ACKNOWLEDGEMENT

I am very grateful to Dr. M.C.Chaturvedi, Senior Professor, Department of Applied Mechanics, Indian Institute of Technology, Delhi for his invaluable guidance and constant encouragement throughout the course of the present study. I also acknowledge with gratitude the guidance and help from Dr.A.S.Sirohi, Professor and Head, Division of Agricultural Economics, Indian Agricultural Research Institute, New Delhi.

I am thankful to Mr. Mahesh Kumar of the Computer Centre at Indian Agricultural Statistics Research Institute, New Delhi for his help in computer work. I am also thankful to Dr. Ikbal Singh, Dr. B.M.Sharma, Mr.Vashist and Mr. Daroga Singh of the Division of Agricultural Economics, Indian Agricultural Research Institute, New Delhi for their help in various ways.

Lastly, I am very grateful indeed to my wife Anita and daughter Sonu, who could not get the needed attention during the period of this study.

CERTIFICATE

This is to certify that the thesis entitled
'STUDY OF SOME ASPECTS OF WATER RESOURCES AND AGRICULTURAL
POLICY OF INDIA' which is being submitted by
Mr. Ranvir Singh to the Indian Institute of Technology,
Delhi, for the award of the degree of DOCTOR OF PHILOSOPHY,
is a bonafide piece of research work carried out by him
under my guidance and supervision. The quality of his
thesis fulfils all the requirements of the regulations
relating to the said degree.

The results contained in this thesis have not
been submitted in part or full to any other University
or Institution for the award of any degree or diploma.

21/1/82
(M.C. Chaturvedi)
Senior Professor
Department of Applied Mechanics
Indian Institute of Technology,
NEW DELHI

TABLE OF CONTENTS

CHAPTER		PAGE
	ACKNOWLEDGEMENTS	I
	CERTIFICATE	II
	TABLE OF CONTENTS	III
	LIST OF TABLES	VI
	LIST OF FIGURES	XIII
I	INTRODUCTION	1
	1.1 Objectives of the Study	8
	1.2 Methodology	10
II	REVIEW OF LITERATURE	14
	2.1 Methodologies for Project and Regional Water Utilization	14
	2.2 Methodologies for Inter-Regional Water Utilization Planning	24
	2.3 Application of Methodologies for Water Utilization Planning in Indian Context	30
III	SYSTEMS DESCRIPTION	33
	3.1 The Land Resources	34
	3.2 The Water Resources	34
	3.3 The Water Utilization	43
	3.3.1 The Past Trends of Water Utilization	43
	3.3.2 The Present Trends of Water Utilization	49

Chapter		Page
	3.3.3 The Projected Trends of Future Water Utilization	51
IV	DESCRIPTION OF THE MODEL	60
	4.1 River Basins	61
	4.2 The Data, its Sources and Method of Collection	63
	4.2.1 Monthly Average Availability of Surface Water	63
	4.2.2 The Utilizable and Utilized Quantities of Ground Water	64
	4.2.3 Cost of Surface Water	64
	4.2.4 Cost of Ground Water	65
	4.2.5 Data on Response of Crop Yield to Various Levels of Water and Fertilizer	66
	4.2.6 Data on Available Culturable Land, Irrigated Area and Area under Different Crops	67
	4.3 The Analytical Frame (Linear Programming Model)	68
	4.3.1 Programming Plan	78
	4.3.2 The Model	81
	4.3.3 Assumptions	96
V	RESULTS AND DISCUSSION	97
	5.1 Land Resource Utilization	100
	5.1.1 Effect of Resource Optimiza- tion	100
	5.1.2 Crop Area Specialization	133
	5.1.3 Development of Water Resources	163

Chapter		Page
	5.1.4	Irrigation Command Area Extension 179
	5.1.5	Combined Effect of Development of Water Resources and Extension of Irrigation Command Area 195
	5.1.6	Combined Effect of Restricted Crop Area Specialization and Irrigation Command Area Extension 200
	5.2	Utilization and Development of Water Resources 205
	5.2.1	Allocation of Water Between Crops 205
	5.2.2	Utilization of Water in Various Periods 218
VI	SUMMARY AND CONCLUSIONS	236
	6.1	Objectives of the Study 239
	6.2	Methodology 240
	6.3	Results of the Study 242
	6.3.1	Land Resource Utilization 243
	6.3.2	Utilization and Development of Water Resources 255
	6.4	Limitations and Achievements 260
