This is to certify that the thesis entitled, "Preparation and properties of thermoset polyimides" being submitted by Mr. Shiromani Sharma to the Indian Institute of Technology, Delhi, for the award of the degree of 'Doctor of Philosophy in Chemistry', is a record of bonafide research work carried out by him. Mr. Shiromani Sharma has worked under my guidance and supervision and has fulfilled the requirement for the submission of this thesis which to my knowledge has reached the requisite standard.

The results contained in this thesis have not been submitted, in part or full, to any other University or Institute for the award of any degree or diploma.

## A C K N O W L E D G E M E N T S

It is with great pleasure, I express my sincere gratitude and indebtedness to Professor (Mrs.) I.K. Varma, Department of Chemistry and Centre for Materials Science and Technology, Indian Institute of Technology, New Delhi, for her unfailing help and guidance, invaluable suggestions and encouragement. But for her help and interest this work would not have reached this stage.

My thanks are due to Professor N.K. Jha, Head of the Chemistry Department for providing necessary facilities.

I am indebted to Dr. S.P. Gupta, Principal, D.N. Post-Graduate College Meerut University, Meerut for his encouragement throughout the course of my research work.

I am extremely grateful to all of my friends and colleagues especially Tendolkar, Purwar, Jha, Kunal, Rao, Manjeet, Varma, Sunil Sharma, Sangita, Satya Bhama, Radha and Manika who have helped me during this work.

I owe thanks to Dr. C.R. Jagga ITMMEC for his assistance in mass spectroscopic studies.

I also express my thanks to the teaching and non-teaching staff of the Centre for their cooperation.

The University Grants Commission is acknowledged for providing me fellowship under faculty improvement programme for carrying out this work.

(ii)

I feel highly indebted to Mrs. & Dr. U.S. Tiwari, ITMMEC and Dr. S.S. Sharma for giving me moral support.

Thanks are due to Mr. Didarmal & Sharma Brothers (Textile) and Mr. Nirmal Sarswat (Applied Mechanics) for their co-operation.

I express my deep appreciation to my wife, Renu, who constantly encouraged me and showed immense patience throughout the course of my research work.
