Thesis submitted to  
INDIAN INSTITUTE OF TECHNOLOGY, DELHI  
for partial fulfilment of the Degree of  
DOCTOR OF PHILOSOPHY

July, 1973

## ACKNOWLEDGEMENTS

The author is grateful to Professor S.C. Jain for supervising the work reported here. The author gratefully acknowledges the benefit of scientific discussions with Dr. S.K. Agarwal. Dr. Agarwal made several useful suggestions, which have improved the thesis considerably.

The author has had the benefit of discussions with Drs. R.K. Jain, A.V.R. Warriar, T.Rs. Reddy and other scientists of Solid State Physics Laboratory, Delhi and Indian Institute of Technology, Delhi. The author is indebted to all of them. Thanks are due to Mr. Girish Chandra for extending his help in growing crystals.

The author wishes to thank Dr. R.C. Tyagi, SSPL, Delhi and Professor V.K. Gupta, Meerut College, Meerut for encouragement during the course of this work.
