CERTIFICATE

This is to certify that the thesis entitled 'Simultaneous saccharification and fermentation of lignocellulose to ethanol' submitted by Pradip Kumar Roychoudhury has been prepared under our supervision in conformity with rules and regulations of the Indian Institute of Technology, Delhi. The research report and results presented in the thesis have not been submitted for any degree in any other University.

(P.Ghosh)

(T.K.Ghose)

ACKNOWLEDGEMENT

I express my sincere gratitude to my research supervisors, Prof. Tarun K. Ghose and Dr. Purnendu Ghosh for their inspiring, dynamic and meaningful guidance, stimulating discussion and keen interest shown throughout the period of this investigation.

I am also grateful to Prof. K.S.Gopalkrishnan for the advice received from him in the microbiological aspects of the studies.

I am much obliged to Prof. S.N.Mukhopadhyay, Dr. G.K.Chotani, Dr. K.B.Ramachandran and Dr. V.Sahai for their valuable comments, suggestions and cooperation.

I am thankful to M/S B.Chatterjee, B.Bhattacharya and S.K. Rakshit for their help in computer analysis. I express my thanks to all other friends in BERC for their sincere support and appreciation during the progress of the work.

Mrs. Neera Verma also deserve my appreciation for her help in Documentation Unit. M/S V.K.Ghosh, Shiv Singh, Mrs. Mathai and Miss Sushma Gupta deserve my appreciation for their skillful technical help. Assistance received from the technicians M/S Keshav Prasad, J.A.Khan, Masood Ali is also acknowledged.

P. K. Roychoudhury
