

THERMODYNAMICS OF ADSORPTION AND SOLUTION

A THESIS SUBMITTED TO THE
INDIAN INSTITUTE OF TECHNOLOGY, NEW DELHI
FOR THE DEGREE OF
DOCTOR OF PHILOSOPHY
IN CHEMISTRY

S. K. SURI, M.Sc.
CHEMISTRY DEPARTMENT
APRIL, 1968

C E R T I F I C A T E

This is to certify that the thesis entitled "Thermodynamics of Adsorption and Solution", being submitted by Mr. S.K. Suri to the Indian Institute of Technology, Delhi, for the award of the Degree of Doctor of Philosophy in Chemistry, is a record of bonafide research work carried out by him. Mr. S.K. Suri has worked under my guidance and supervision and has fulfilled the requirements for the submission of this thesis, which to my knowledge, has reached the requisite standard.

The results contained in this thesis have not been submitted, in part or in full, to any other University or Institute for the award of any degree or diploma.

V. Ramakrishna
(V. Ramakrishna)
Thesis Supervisor.

V. Ramakrishna
Head of Chemistry Department,
Indian Institute of Technology,
Hauz Khas, New Delhi-29..

A C K N O W L E D G E M E N T S

I wish to record my deep sense of gratitude to Prof. V. Ramakrishna, Head of the Department of Chemistry, Indian Institute of Technology, Delhi, but for whose constant and invaluable encouragement, help and painstaking supervision this thesis would never have been written.

It is a pleasure to acknowledge the co-operation received from all the members of faculty and graduate students of the Chemistry Department, Indian Institute of Technology, Delhi. I would like to thank in particular Dr. A.P. Rao for helping me with the proof reading of the manuscript.

I wish to express my thankfulness to the Council of Scientific and Industrial Research for the award of a Junior Research Fellowship during a part of the work.

Thanks are also due to Mr. M.T. Samuel for his neat typing work.

(S.K. Suri)
Department of Chemistry,
Indian Institute of Technology,
Hauz Khas, New Delhi-29.
