

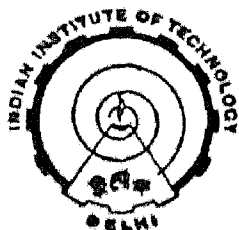

**PHOTOVOLTAIC STUDIES
ON
SOME ORGANIC DYES**

by
G. D. SHARMA

Thesis submitted to the
Indian Institute of Technology, Delhi
for the award of the degree of
DOCTOR OF PHILOSOPHY

Department of Physics
INDIAN INSTITUTE OF TECHNOLOGY, DELHI
1985

A C K N O W L E D G E M E N T S

The work described in this thesis was carried out under the joint supervision of Professor S.C. Mathur and Dr. D.C. Dube. Without their stimulating guidance and encouragement, it would have been impossible to complete this work.

I would like to thank Professor P.K.C. Pillai, Head, Physics Department, who has extended all the necessary facilities for completing this work.

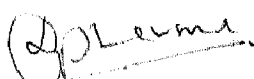

I wish to thank Department of Science and Technology (D.S.T.) and Council for Scientific and Industrial Research (CSIR) for financial support.

The present work could hardly have been possible without the assistance and cooperation of my colleagues and friends especially, Dr. A.K. Tripathi, Dr. J.P.S. Chauhan, Mr. S. Ravindra Nath, Mr. G.K. Sharma, Mr. Rakesh Kumar, Mr. D.K. Raichan, Mr. Sunil Sharma, Mr. Ashok Saraswat, Mr. T.K. Bansal, Mr. V.R. Shukla and Miss Sunita Sharma.

My thanks are also due to various staff at I.D.D.C. and Glass Blowing Workshop.

It is a pleasure to thank Mr. N.S. Gupta for neat tracing of the figures.

Finally, I owe a great debt of gratitude to my late father for setting me on a path towards intellectual pursuits and to my wife Himla Sharma for her constant cooperation.

(G. D. SHARMA)
